Our Congratulations!

Our congratulations also come to a group of 4th-formers who took part in the language contest “Linguistic Kaleidoscope” and were awarded the 3rd prize for staging a well-known Russian fairy tale “Teremok”. The contest took place in December at school 303. Our special thanks to our teachers Aleksandrova M.A., Evsina G.I. and Ungmeister N.V. who wrote the script for the performance and worked with our young talents.

THE INTERNATIONAL RESEARCH AND PRACTICE SEMINAR on “THE ORGANISATION OF CURRICULAR AND EXTRACURRICULAR ACTIVITIES OF STUDENTS FOR ACHIEVING THE NEW EDUCATIONAL RESULTS” took place on 19th February 2015 at school 316, St Petersburg, Russia.

Seminar attendee:

- Frunzensky Informative-Methodological Centre, St Petersburg
- School 316, St Petersburg
- Gymnasium 177, St Petersburg
- Gymnasium 4, Velikiy Novgorod
- Aranäsgymnasiet Kungsbacka

The seminar has proved to be a success helping to share the experience in developing students’ personal results through curricular and extracurricular activities. Our Swedish guests presented master classes at Music and Drama for the participants of the seminar as well as our 10th formers.

Russian-Swedish Exchange

From 9th to 15th March our school received our Swedish friends again! Swedish students from Kungsbacka Aranaes Gymnasium stayed with Russian families to get acquainted with our lifestyle and to experience our hospitality. Their cultural program included a city bus tour, excursions to the Hermitage, St. Isaac's Cathedral and the Catherine Palace, a ballet in the Mikhailovsky Theatre and many more. Most excursions were traditionally held by our 10th and 11th formers. School events included a Russian folk lesson where our guests tried playing traditional Russian musical instruments (ложки), a joint lesson of English for Russian and Swedish senior students and a lesson of Russian.

Project Work

In March the group of students studying the course TRAVELLING FOR EDUCATION presented the result of their research. Visiting different countries in virtual reality and studying them we understand that people make culture and history. The 5th and 6th formers have travelled in the world of information using IT recourses and cooperative work sharing ideas. As our school is specializing in English our students have made an attempt to understand the world of English-speaking countries. All pupils managed to complete their projects according to their skills and abilities. After making presentations they decided to combine all the information and their efforts in one booklet.

European Youth Parliament

From 15th to 20th of March our senior students participated in the work of European Youth Parliament held in Germany. This year the participants from Germany, Russia, Sweden and Denmark discussed “New Technologies Creating our Future”. They had a chance to visit Berlin, the capital of the country, and see all the famous landmarks. The program also included a walking guided tour around Wismar, an excursion to Rostock and Warnemunde, where our students visited Coal-fired Power Station. The students took part in Activity Workshops (Drama, Dance, Drums) as well as sports games. The highlight of their stay was a visit to Solar Plant Wietow which is a station producing and storing solar energy for the local community.

Радужные ДНИ

6 февраля для первоклассников прошел необычный Радужный день - желто-оранжевый. Это день дружбы и добра!

Ребята побывали в сказочном путешествии и преодолели все препятствия на своем пути. Они были дружны, добры и старательны, поэтому смогли построить радугу, узнали, как растет солнышко в душе от добрых мыслей и дел.

В этот Радужный день ученики 1В класса побывали в гостях у учащихся 4 В класса и приобрели старших друзей. Все усилия учителей, Клепиковой Татьяны Валерьевны и

4 февраля в Синем зале Дворца детского (юношеского) творчества проходил

финал VII районного конкурса патриотической песни "Я люблю тебя, Россия!"

Ребята из 1 Б класс школы № 316 с песней "Пусть всегда будет солнце" и 3 Б класс с песней "Солдат молоденький" поделили 2-е место и приглашены к участию в городском этапе.

Самый НЕЖНЫЙ ДЕНЬ в году!

6 марта в преддверии Женского праздника в школе № 316 проходил День Дублера! 11"А"класс замещал администрацию и учителей. Утро началось с приветственного поздравления и.о. директора Владислава Сутырина.

На 3-м уроке, у педагогов школы проходил урок "Литературы", на котором они создавали творческий проект - Киноверсию русской народной сказки "Курочка ряба". Сказка была показана в версиях индийской мелодрамы, Боевика и Оперетты. Вот здесь-то и открылись все таланты педагогов!

На праздничном концерте порадовали - песни и танцы ребят начальной школы, в финале ярко выступили две группы 11 класса.
